## Reminder regarding US Club Soccer membership & provisioning:

All clubs/organizations participating in league must be members of US Club Soccer.

If your club/org is already a US Club Soccer member, no action is needed at this time.

If your club/org is not already a US Club Soccer member, please apply to join US Club Soccer via the US Club Soccer New Organization Member Application ASAP.

US Club Soccer membership is at the club/organization level, not the individual team level. Therefore, individual teams should only apply for US Club Soccer membership if they are not part of a club or other broader organization. This is uncommon.

Following US Club Soccer membership, club/organization accounts will be provisioned in GotSport and affiliated with US Club Soccer and the corresponding district account(s).

If you are unsure of your US Club Soccer membership/affiliation status, please first check internally with your club registrar/administrator. You may also contact the US Club Soccer Member Administration team by submitting a request at: <https://usclubsoccer.zendesk.com/hc/en-us/requests/new>

Additional information is available at: <https://usclubsoccer.org/join>

US Club Soccer membership and provisioning must be complete before player and staff registration (which opens June 1, 2026), and other administrative items, may begin.
